

CE ACCREDITED PROGRAM

TRANSRADIAL ACCESS FOR CORONARY AND VASCULAR PROCEDURES

ALL NURSES AND TECHNOLOGISTS ARE ENCOURAGED TO ATTEND!

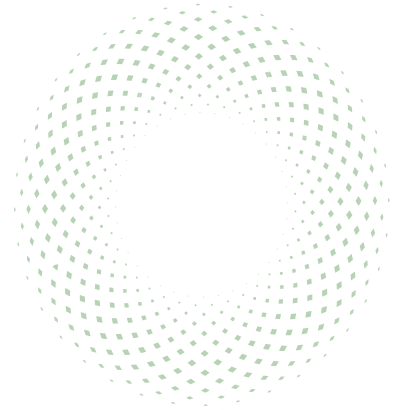

- Learn how transradial access can improve procedural outcomes, increase patient satisfaction, streamline care, and reduce costs
- Learn clinical significance of how transradial access can effect bleeding complications and length of stay
- Discuss upper extremity anatomy and perfusion tests
- Understand access techniques, catheter manipulation, and the importance of low pressure hemostasis
- Discuss transradial access for vascular procedures and the future direction of transradial access
- Category A approved for 1 hour ASRT CE credit; approved for 1 contact hour for nurses
