**TERUMO MEDICAL CORPORATION NAMES
MARTIN A. MILLER AS DIRECTOR OF
HEALTH SYSTEM INTEGRATION**

SOMERSET, NJ - Terumo Medical Corporation – the U.S. subsidiary of global device manufacturer Terumo Corporation – has announced the appointment of Martin A. Miller to Director of Health System Integration, Terumo Interventional Systems.

Miller brings more than 20 years of experience in medical devices and service operations, most recently as Vice President, Sales and Marketing, of TriMedX, a healthcare equipment management company based in Indianapolis, IN. At Terumo Interventional Systems, Miller's responsibilities will include initiatives focused on Group Purchasing Organizations (GPOs), Integrated Delivery Networks (IDNs) and shareholder accounts. In addition, he will be responsible for managing the contracting and pricing processes and ensuring alignment at both the strategic and tactical levels.

"As we continue to expand our product offerings, Martin's experience will be invaluable to the company and our customers," said Jim Rushworth, Vice President and General Manager, Terumo Interventional Systems. "He's ideally suited to help take us to the next level."

Miller is a member of the Health Industry Group Purchasing Association and the Federation of American Hospitals. He is a graduate of Cleveland State University and has attended the Columbia University Graduate School of Business.

Terumo Interventional Systems

Terumo Interventional Systems (TIS), a strategic business unit of Terumo Medical Corporation, directly markets a full line of guidewires, catheters, introducer sheaths, and embolization products for use in a multitude of different interventional procedures. Interventional Radiologists, Interventional Neuroradiologists, Interventional Cardiologists and Vascular Surgeons are among the medical professionals that depend upon TIS products to access and cross difficult-to-reach lesions thereby allowing therapeutic intervention in previously unreachable vascular beds.

Terumo Medical Corporation – Clinical Excellence in an Expanding Interventional Market

Founded in 1972, Terumo Medical Corporation (TMC) develops, manufactures and markets high-quality medical devices used in a broad range of applications in numerous healthcare markets. Terumo Medical manufactures high quality needles and syringes, entry site management products, and a line of sterile connection devices used in hospitals and blood banks worldwide.
